1 3 4 5 6 7 8 UNITED STATES DISTRICT COURT 9 WESTERN DISTRICT OF WASHINGTON AT SEATTLE 10 11 ARTHUR WEST, 12 Plaintiff, CASE NO. C08-687RSM 13 ORDER ON MOTION FOR v. RECONSIDERATION 14 WEYERHAEUSER, et al., 15 Defendants. 16 Plaintiff has moved for reconsideration of the Court's April 8, 2009 Order of Dismissal (Dkt. # 17 48), as well as "all previous rulings in this case." Such motions are disfavored and will be denied in the 18 absence of "a showing of manifest error in the prior ruling or a showing of new facts or legal authority 19 which could not have been brought to its attention earlier. . . . " Local Rule CR 7(h)(1). The Court 20 deems it unnecessary to direct defendants to respond to the motion. 21 Plaintiff's motion simply amounts to re-argument of issues already considered and decided. His 22 argument and exhibits, comprising more than a hundred pages, fail to present any relevant facts that could 23 not have been presented earlier; nor do they compel any change in the result even if they were considered. 24 The Court's prior ruling was based on a determination that plaintiff West had not presented any 25 26 <sup>1</sup>As to any ruling other than the Order of Dismissal, the motion for reconsideration is untimely. 27 Local Rule CR 7(h)(2). 28

ORDER ON MOTION FOR RECONSIDERATION - 1

medical evidence to substantiate his claim that a severe disability prevented him from prosecuting this case. The additional evidence submitted by plaintiff consists of an undated, unauthenticated photograph of a swollen left hand, together with a copy of a statement from the Department of Labor and Industries, dated October 30, 2008, indicating that plaintiff West was allowed benefits in an undetermined amount "for a crime that occurred on 10/10/08". Dkt. # 50, p. 13. This document may provide support for plaintiff West's claim that his hand was injured in an altercation that occurred on October 10, 2008. The injury to plaintiff's hand has not been questioned by the Court. However, at no time in either his prior filings or the current filings, has plaintiff West presented actual medical documentation that the injury to his left had was so severe as to completely prevent him from prosecuting this case. It was on that basis that the case was dismissed.

Plaintiff's motion for reconsideration is accordingly DENIED, for failure to meet the standard set forth in Local Rule CR 7(h)(1).

Dated this 4 day of May, 2009.
